NOTE: An Archaeological Authority may be required from the New Zealand Historic Places Trust, pursuant to the Historic Places Act 1993 where an activity may result in destroying, damaging or modifying any archaeological site whether or not the site is listed in the Heritage Items Schedule of this Plan. An archaeological site is defined as any site "associated with human activity that occurred before 1900; or... may be able through investigation by archaeological methods to provide evidence relating to the history of New Zealand".
