Submission Details

The specific provisions of the Proposal my submission relates to are as follows:

In general I oppose the transformation of our green way in the town centre. The golf course, the school field, the walking loop and Greenways. I was shocked to see half the Frisbee golf course removed! I missed any notification of revised changes and even when provided the link its wasn't a simple process to find and view the changes or find this form. What a long form. I believe we should be protecting our green spaces in town it's what brought alot of us to live here and why people want to visit. Otherwise we'll just be like every other place just further away!

I support / oppose these provisions: I oppose in part

The reason(s) for my submission are: Disruption to the internationally recognised Frisbee golf course

I seek the following decision from the Mackenzie District Council:
