**7. Please provide details about the project or activities that were supported by the Creative Communities Scheme. Explain what was successful, and what didn't work so well.**

Mark and Brenda are both songwriters, with their own styles, so they've become each others' backing band. Mark has a penchant for acoustic rock, blues & reggae, whereas Brenda's songs lean more towards new folk & alt. country. So what you get is an eclectic mix of material, that can be 'pin drop' delicate, or sound like a 4-piece band! They often also pepper their shows with short bursts of poetry, just to keep things interesting.  
 Not a great turn out from Lake Tekapo people due possibly to not having a community development worker present in Tekapo to promote the gig.

**8. Give a brief description of the highlights of your project, including the number of participants.**

Mark and Brenda combine guitars, mandolin, harmonica and vocal harmonies to bring new, soulful life to classic covers and their own memorable originals.  
 9 people attended the concert

**9. How did your project benefit your community?**

It's not often that prominent musicians get to play in Lake Tekapo so this community benefits from having such talent to listen to, interact with and enjoy. Always such a nice hall to hold events in!

**10. What, if any, are the next steps (for your project, for you and/or for the people involved)?**

Continue to support Arts on Tour NZ and book quality performers for the Mackenzie District.
