

Mackenzie District Council
Tekapo Community Board
Electing 4 Board Members

Barbara NUSTRINI

My principal place of residence is in the Tekapo Community Board area. I love living in Tekapo and am passionate about our amazing community. I was born in Italy, work locally and have a son at Mackenzie College. Before choosing to make Tekapo home, I worked and studied in a wide range of fields, from IT to firefighting, and have accumulated a breadth of experience, both personal and professional. I hope to put this to good use and add value to the Community Board.

Our diverse multicultural community is unique in the Mackenzie and my hope is for wide representation and advocacy for us all, from the holiday workers that so many local businesses rely on, to the newcomers who have chosen to make Tekapo their new home, and the families who have been here for generations. The strength of our community and how we look after each other is what will help our town to continue to thrive.
