

FREE Well Water Check

Organised by the Orari Temuka Opihi Pareora
Water Zone Committee

If your drinking water comes from a private well, come to our Well Water Check to test your water quality for free.

Bring a sample of your water to:

- Test for nitrate concentrations and get help understanding the results
- Talk to experts about potential options to improve your private drinking water supply
- Find out about other drinking water standards you should be meeting, including *E.coli* levels and where to get water tested
- Talk to water zone committee members about water quality issues in your area and what action is being taken.

Book your testing slot by calling Janine Roux on 027 359 3426 or emailing janine.roux@ecan.govt.nz

Monday 16 May 2022
