

Mackenzie District Council
Twizel Community Board
Electing 4 Board Members

Tracey GUNN

My principal place of residence is in the Twizel Community Board area.

During the past three years I served my first term on the Twizel Community Board as Deputy Chair. It has been a huge learning experience and has made me better prepared to serve another term,

continuing to be a link between Council and community.

My goals are to push forward projects that the current board have started, help remedy the grievances of the community, plan for more improvements in Twizel, and provide continuity between the new board and the current one.

I want to help the council make the best decisions for Twizel as major projects are in the pipeline. I will continue to push for the needs of the community - both now and in the future. As an old school Twizel resident, I have seen the town grow, shrink, and now grow again. I want to preserve our heritage while helping the town grow in a sustainable way.
