Submission Details

The specific provisions of the Proposal my submission
The area on the north side of Ruataniwha Road that has been planned for commercial visitor accommodation

relates to are

as follows:

I support /

oppose these I oppose in full

provisions:

If this area were to be rezoned for for commercial visitor accommodation then this
The reason(s) would mean the removal of 3 holes from our international standard disc golf course.
for my Given this was only upgraded six years ago with council support and now brings ne
submission types of visitors to town to play disc golf, this would seem very shortsighted In addition
are: to this it is taking away from the the wonderful green spaces that we have for the
entrance to the town.

I seek the

following

decision from To remove the existing green space between Dobson Place and Ruataniwha Road from
the the area to be rezoned for Commercial visitor accommodation in order to 1. retain the 3
Mackenzie disc golf holes 2. retain the green space

District

Council:

I do or do not

wish to be

heard in I do not

support of my

submission:

If others make

a similar

submission I

would or

would not be

prepared to I would

consider

presenting a

joint case

with them at

any hearing:

Additional I am submitting this as an individual ratepayer who would like to see the council adhere
information to their Mission and Vision Mission Statement Fostering our community - A variety of
for this sporting, recereational, cultural, spiritual, welfare and educational resources are
submission: available to enrich the lives of our community. If the council were to take away these 3

disc hole spaces through the zoning of this area for commercial visitor accommodation then I think they could reasonably expect to have to relocate the course at a much bigger cost. This is a growing sport that due to its nature allows so many more people to participate in who may not be able to do many other sports. Its relatively inexpensive and provides for all age groups and levels of ability. WE need more of this in Twizel, not less
