Submission Details

The specific provisions of the Proposal my submission relates to are as follows:
changing of the no build zone between Dobson Place and Ruataniwha Rd to commercial.

I support / oppose these provisions: I oppose in full

The reason(s) for my submission are:
this will destroy part of the Frisbee golf course .when the course was extended to make it to an international course they had full support from the council. So going back on that support seems unfair.Dose this mean they are going to take away other parts of our green spaces? Frisbee course is a fast growing sport round the country and a great attraction for people coming to Twizel. You just have to see

how many people came to the Twizel last national competition to see what trade it bought to town. Over 300 people on a wet week end for three days .

I seek the following decision from the Mackenzie District Council:

leave tis area as it is.

I do or do not wish to be heard in support of my submission:

I do not

If others make a similar submission

I would or would not be prepared to consider

I would not

presenting a joint case with them at any hearing:
