### **Submission Details**

The specific provisions of the Proposal my submission relates to are as follows: Zone Preferred Approach Large Lot Residential • Primarily for residential activities (one residential unit per 2,000m<sup>2</sup>) • Encourage education and childcare facilities • Discourage other activities including industrial, commercial, retirement villages and community facilities • Generally, apply Residential 3 and 4 Zone built form controls from the current District Plan

I support / oppose these provisions: I oppose in full

The reason(s) for my submission are: I do not wish to see sections on the drive sub-dividable. We purchased out here for the large section and fewer neighbours. with this plan there will be increased traffic but no sign of any specifics that will rectify the current day issues (no footpath, increased traffic).

I seek the following  
decision from the  
Mackenzie District  
Council:

to not go ahead with this

I do or do not wish to be  
heard in support of my  
submission:

I do not

If others make a similar  
submission I would or  
would not be prepared to  
consider presenting a joint  
case with them at any  
hearing:

I would
