Last Name: Loxton  
Postal Address: 3540 State Hway8 Fairlie-tekapo Rd  
Email: sawdon@lupins.nz  
Telephone No: 0274412214  
Fax:  
Date: 2022-11-20 00:00:00  
Customer number (if known):  
Contact person: Gavin Loxton  
Contact person  
Telephone No:

### **Submission Details**

The specific provisions of the Proposal my submission relates to are as follows: Lighting changes to the Mackenzie district

I support / oppose these provisions: I support

The reason(s) for my submission are: Mackenzie is a leading authority in night sky protection from artificial light. The proposed changes to lighting are an improvement on the old regulations. We will see continued changes in lighting and how we use them in housing and commercial properties. Further improvements in lighting plan changes regulations will need to be made regularly as lighting technology improves.

I seek the following decision from the Mackenzie District Council:

I would like to know from Mackenzie District council how we are going to test, collect and store light spill data from current and future buildings and infrastructure, in Lake Tekapo and surrounding district . This long term data trend should show improvements to any changes in light ordinances as they occur, to meet the objectives of the plan changes.

I do or do not wish to be heard in support of my submission:

I do not

If others make a similar submission I would or would not be prepared to consider presenting a joint case with them at any hearing:

I would

Additional information for this submission:

Could we use a standardized lighting measurement when collecting light spill data ? So we can make comparisons to other councils who do not have lighting regulations.
