I am:

a person who has an interest in the proposal that is greater than the interest the general public has. In this case, also explain the grounds for saying that you come within this category below

Please explain your answer above

Because we are the landowners whose farming operations will be affected by these changes

I support/oppose the submission of:

(enter the name and address of original submitter and the original submitter number)

I strongly oppose the submission of Herman Frank and Fraser Ross [REDACTED]

The particular parts of the submission I support/oppose are:

(clearly indicate which parts of the submission you support or oppose, together with any relevant provisions of the proposal)

I oppose the new proposed boundaries on the Albury range to a SNL I also oppose the proposed reclassification of the Tengawai cliffs to an outstanding natural landscape and feature

The reasons for my support or opposition are:

(give reasons)

I oppose this because it will affect our farming operation in a negative manner. No consultation with existing landowners has been conducted regarding this. The area is excessive and impractical, a lot of this land inside the proposed boundaries is already developed farmland. This is highly productive farm lands that is sustainably farmed currently and no reclassification is needed. This is an invasion of property rights on free hold property

I seek that the whole or part (describe part) of the submission be allowed or disallowed:

(give precise details)

I seek that the whole submission be disallowed

Do you wish to be heard in support of your submission?

I do

If others make a similar submission would you be prepared to consider presenting a joint case with them at any hearing?

I would
