

## Accommodation Special Purpose Zone (ASPZ)

### Introduction

The Accommodation Special Purpose Zone applies to areas within the urban environment where lower-density commercial visitor accommodation, based around a campground with associated facilities and open space areas, is the primary focus. Small-scale commercial activities which support the tourist focus of the zone are also anticipated. The level of built form within this zone is compatible with, and sympathetic to, the surrounding zones.

### Objectives and Policies

| <b>Objectives</b>  |  |
|--|--|
| <b>ASPZ-O1</b>   | <b>Zone Purpose</b>                      |
| The Accommodation Special Purpose Zone provides primarily for low density visitor accommodation, as well as ancillary activities and limited visitor-focused commercial activities.                |  |
| <b>ASPZ-O2</b>   | <b>Zone Character and Amenity Values</b> |
| The Accommodation Special Purpose Zone comprises low density built form that is compatible with and respects the character and amenity values of the surrounding residential and open space zones. |  |

| <b>Policies</b>  |                              |
|--|------------------------------|
| <b>ASPZ-P1</b>   | <b>Visitor Accommodation</b> |
| Enable a range of low-density visitor accommodation options.   |                              |
| <b>ASPZ-P2</b>   | <b>Compatible Activities</b> |
| Provide for commercial activities where they are primarily serving users of visitor accommodation or visitors and are not of a scale or nature which detracts from the character, amenity values or purpose of the Town Centre Zone. |                              |
| <b>ASPZ-P3</b>   | <b>Other Activities</b>      |
| Only allow other activities where they support the purpose of the zone, or have a functional need or operational need to locate within the zone.   |                              |
| <b>ASPZ-P4</b>   | <b>Built Form</b>            |
| Manage development within the Special Purpose Accommodation Zone to ensure consistency with the character and amenity values of the zone and its surrounding areas.  |                              |
