## 1. Purpose of Report

1. Pursuant to section 43(1) of the Resource Management Act 1991 (RMA), the Mackenzie District Council (MDC) has appointed a combined Hearings Panel of three independent commissioners<sup>1</sup> to hear and make recommendations on the submissions on the Designations Chapter of the Mackenzie District Plan which forms part of the Mackenzie District Plan Review (MDPR).
2. This Recommendation and Decision Report sets out the Hearings Panel's recommendations to the Requiring Authorities and its decisions on the MDC designations and NORs.
3. The Section 42A Report was:
  - Section 42A Report: Designations; Report on Designations Chapter and submissions on Designations and Notices of Requirements; Author: Suzanne Blyth; Date: 24 April 2025.
4. We had two questions of clarification for Ms Blyth which she answered for us
5. The designations to be included in the MDP were set out in Appendix 1 of Ms Blyth's Section 42A Report, including modifications arising from the submissions.
6. Modifications recommended by Ms Blyth that have been adopted by the Hearing Panel are shown in ~~strike out~~ and underlining in Appendix 1 of this Recommendation and Decision Report.

## 2. Hearing and Submitters Heard

7. There were initially seven submissions on the Designations chapter, however Nova Energy Ltd withdrew its submission on the Designations Chapter in its entirety, resulting in there being six submissions in total:

Submitter Ref	Submitter Name
D.01	Mackenzie District Council
D.02	Heritage New Zealand Pouhere Taonga
D.03	Transpower New Zealand
D.04	New Zealand Transport Agency Waka Kotahi
D.05	Canterbury Regional Council
D.07	New Zealand Defence Force

8. No further submissions were received.
9. The submissions were mainly from Requiring Authorities seeking minor amendments to the notified designations. HNZPT submitted on Condition 10 and the Advice Note attached to MDC-26 Fairlie Water Treatment Plant.
10. Importantly, no submissions were received from landowners directly affected by the designations, noting that those landowners were directly notified by the MDC when the Designations Chapter was publicly notified.
11. The Hearing for the Designations Chapter PC23 was held in Fairlie and Twizel over the period Tuesday 27 May 2025 to Thursday 29 May 2025. We heard from the following submitters on the Designations chapter:
  - Canterbury Regional Council
  - Heritage New Zealand Pouhere Taonga
12. We discuss CRC's evidence in subsequent sections of this Recommendation and Decision Report.
13. For HNZPT Mitzie Bisnar<sup>2</sup> acknowledged Ms Blyth's assessments and recommendations<sup>3</sup> and advised that she accepted them.
14. Evidence from the following submitters was tabled, but the submitters did not attend the Hearing:

<sup>1</sup> Megan McKay, Ros Day-Cleavin and Rob van Voorthuysen.

<sup>2</sup> HNZPT planner.

<sup>3</sup> See paragraphs 146 to 148 of the Section 42A Report.

- NZDF

  - New Zealand Transport Agency Waka Kotahi
15. For TPR Rebecca Eng<sup>4</sup> advised that Transpower agreed with Ms Blyth's recommendations on the Designations chapter that were relevant to Transpower's submissions.
16. For NZTA Jeremy Talbot<sup>5</sup> advised that NZTA agreed<sup>6</sup> with Ms Blyth's recommendations that NZTA-1, NZTA2, and NZTA-3 be confirmed and amended as set out in her Section 42A Report.
17. The individuals we heard from or who tabled evidence are listed in Appendix 3.
18. Copies of all the submissions and evidence (either pre-circulated or tabled at the Hearing) are held by the MDC. We record that we considered all submissions, regardless of whether the submitter appeared at the Hearing.

### **3. Our Approach**

19. We have decided to structure this Recommendation and Decision Report in the following manner.
20. Ms Blyth's Section 42A Report addressed the designations and notices of requirement in the following manner:
- General Submissions on the Designation Chapter
  - Designations Proposed to be Modified and Without Submission
  - Rollover designations with/without modification where Mackenzie District Council is not the Requiring Authority and where there were submissions received
  - Mackenzie District Council Designations
21. For the ease of readers of this Recommendation and Decision Report, we have adopted the same approach here and mimic the headings used in the Section 42A Report.
22. The submissions received were summarised in the Section 42A Report. We adopt those summaries, but do not repeat them here for the sake of brevity.
23. Where, having considered the submissions and the submitters' evidence we accept Ms Blyth's recommendations, we state that we adopt her analysis and recommendations as our reasons and recommendations or decisions.
24. We record that we did not disagree with any of Ms Blyth's recommendations.
25. The consequence of our approach is that readers of this Recommendation and Decision Report should also avail themselves of the Section 42A Report listed in paragraph 3 above.

#### **3.1 Statutory Framework**

26. We adopt the statutory framework assessment set out in section 3 of the Section 42A Report.

#### **3.2 Out of Scope Submissions**

27. There were no out of scope submissions.
