

MACKENZIE DISTRICT COUNCIL
RESOURCE CONSENT APPLICATION RM160209
G PAYNE - TWIZEL

MINUTE AND DIRECTION OF COMMISSIONER DARRYL MILLAR

1. The hearing to consider this proposal is set down to commence Wednesday 16th August 2017.
2. The Council's hearing report and submitter expert evidence have been pre-circulated. I understand that no expert evidence has been filed by the Applicant and that it is their intention to speak to the proposal.
3. Given this, the purpose of this Minute is to advise how I intend to deal with the expert evidence and the Council Officer report on the day of the hearing. Accordingly, I advise that:
 - I will review the Officer report and the expert evidence before the hearing commences and, consequently, they will be taken as read; and
 - I do not require the Council Officer or the expert witnesses to read their material in full at the hearing. Rather, I direct that they present a synopsis of the key issues discussed in their evidence. This can be a verbal or written presentation.
4. Any queries in relation to this Minute and the Direction should be made to Ms Harte in the first instance. Contact details are contained in the Council's Hearing Notice.

DATED: 9th August 2017
