

Mackenzie District Council
Pukaki Ward
Electing 3 Councillors

Zhivannah COLE

Independent

My principal place of residence is in the Pukaki Ward area.

I stand for councillor of the Pukaki Ward in service to the community that raised me. After leaving Twizel to pursue my education, I have recently returned to town to set down roots. I am committed to facilitating meaningful communication between the Council and local communities and representing the people of the Mackenzie with openness and integrity. My work is informed by a local knowledge, university education, and experience navigating dynamic political environments. I have a background in corporate quality and risk management, health and safety auditing, and business management and consultancy. I am aware of both the historic and current challenges that Mackenzie District Council faces, and am offering a fresh face, new ideas and practicable solutions to affect positive change in the interests of our people and environment.
