Subject: Submission re Ruataniwha Road subdivision

To whom it may concern, I am disgusted to learn that parts of Ruataniwha Road and grassy areas adjacent are to be offered for subdivision. I am particularly dismayed to learn that this subdivision will swallow up parts of the Twizel International Frisbee Golf Course. The most recent competition brought 300 competitors and supporters. They all stayed in town for three days despite the gloomy weather. The cash value of this event to 'Twizel business' will be obvious. As has been stated many times before, the value of our greenways for recreation and simply for "feel good" cannot be overstated. On another aspect, I have wasted too much time this afternoon trying to send a submission. I found the form impossible to use and would ask you to pass to your IT person a request for a bit more clarity
