

**DIRECTIONS OF THE HEARINGS PANEL**

**MINUTE 2**

**Plan Changes 21 and 22**

- [1] The Panel notes that several submissions on Plan Changes 21 and 22 raise the same or similar issues to each other. It would be helpful for the Panel if submitters who raise the same or similar issues to each contact each other and if possible, prepare a coordinated presentation for the hearing.
- [2] One way to do this would for a group of submitters appoint one or two people to present their case on their behalf, rather than each individual submitter attending the hearing and presenting separately. A coordinated presentation would facilitate a more efficient hearing and assist the Panel with their consideration of the issues raised in submissions and their decision on the Plan Changes.
