SUPPORT ☐

OPPOSE ☒

NEUTRAL ☐

My submission is (the particular parts of the application I support or are opposed to are):

Oppose strongly,

→ Lake Tekapo is an "outstanding Natural Landscape" - this on the shores is "unnatural" and will affect the residents of State Bay + all those visitors to Lake Tekapo

→ Loss of passive recreation space - what area is used for picnicking + families

The reasons for my submission (the reasons I support or oppose the particular parts of the application) above:

and will exclude people from using public space - which is what it is zoned for.

→ This proposal will harm the environment + be visually destructive - this is not good tourism, this would detract from the Lake community.

My submission would be met by the Council making the following decision (give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought):

There is no need for this activity on the Lake shore - there must be plenty of other areas that this activity could be offered elsewhere which would not affect the landscape / open space / recreation zoning.
