Further submission - Alpine Energy Limited						
This further submission is in relation to the original submission of: <i>Enter the name of the original submitter as per the SoDR. E.g. Timaru District Council</i>	This further submission is in relation to the original submission Number: <i>enter the unique submission umber as per the SoDR. E.g. 42.45</i>	The particular parts of the original submission I/we support /oppose are:	My/our position on the original submission is: <i>Support or oppose</i>	The reasons for my/our support/ opposition to the original submission are:	Allow or disallow the original submission (in full or in part)	Give precise details (which can include tracked changes) of the decision you want the Council to make in relation to the original submission point
Fire and Emergency New Zealand	1.08	Support that firefighting water supply be required for small scale renewable electricity generation activities	Support	Provides better chances of retaining electricity generating activities	Allow in full	Amend as proposed
Fire and Emergency New Zealand	1.09	Support that firefighting water supply be required for renewable electricity generation activities	Support	Provides better chances of retaining electricity generating activities	Allow in full	Amend as proposed
Chorus, Connexa, FortySouth, One NZ, Spark**	2.19	Support that infrastructure buildings should be subject to the same standards as any building in the zone they are situated	Support	Buildings are typically passive and house infrastructure for Alpine Energy. They do not create the same levels of nuisance as other activities and can be designed to be sympathetic with the environment if required. Examples of recent Alpine Energy substation development in other districts supports this.	Allow in full	Amend as proposed
Chorus, Connexa, FortySouth, One NZ, Spark**	2.27	Support infrastructure being permitted within existing buildings	Support	It provides clarity	Allow in full	Amend as proposed
Helios Energy Limited	4.02	Support proposed definition change to make definition consistent with CRPS	Support	Amendment is consistent with CRPS and is a key part of the process of providing electricity to customers	Allow in full	Amend as proposed
Transpower New Zealand Limited	7.43	Support the inclusion of electricity transmission within the matters of control	Support	It is appropriate to include transmission within the matter of discretion as it is a part of the process of electricity supply	Allow in full	Amend as proposed
transpower New Zealand Limited	7.44	Support all infrastructure to be included in the mapping	Support	It is important that all of the network is identified on the planning maps	Allow in full	Amend as proposed
Genesis Energy Ltd	15.04	Support the addition to the definition of Infrastructure	Support	Energy storage systems are going to be a key part of maintaining the network moving forward	Allow in full	Amend as proposed
