Q9 Do you think that we should be doing more to reduce, reuse and recycle our waste? **Yes,**
Other (please specify):
The refuse collection vehicles are used on a regular rotation throughout the region. When collecting rubbish they go at a slow pace and stop at each house which is not efficient for the burning of petroleum fuel. We live in the heart of 'hydro' country which produces clean energy, with two major energy companies based in the region. it would be great if the Council could partner with the Council and use an electric vehicle for the collection of our waste.

Q10 Do you think our vision, goals and objectives cover the work Council needs to do on waste management and minimisation? **Yes**

Q11 Do you think that our Action Plan will ensure that we can meet our vision of a future of minimised waste? **Yes**
