## DETAILS OF APPLICATION BEING SUBMITTED ON

APPLICANT'S NAME: Payne Developments Limited

RM REFERENCE: 190181

DESCRIPTION OF PROPOSED ACTIVITY: Subdivision consent to subdivide Lots 1 to 4 of RM160209 into 14 residential allotments and land use consent to reduce the road and internal boundary setbacks and to increase the building and hard surface coverage in the Residential 4 Zone.

## MY SUBMISSION

Please indicate whether you support, oppose or are neutral to the application or specific parts of it (Tick):

SUPPORT       OPPOSE       NEUTRAL

My submission is (the particular parts of the application I support or are opposed to are):

We oppose the changing of the four sections from Residential 4 to Residential 1.

(Attach separate sheet as required)

The reasons for my submission (the reasons I support or oppose the particular parts of the application above):

Our property at 33a North West Arch is in very close proximity to the Four Lakes Development, with a lifestyle boundary meeting the Four Lakes Boundary. We oppose the application because:

1. Of the increased noise during both construction and going forward (14 houses rather than 4 in an area that we clearly hear noise from). The increased dust levels as a result of further development – these have been excessive in recent months. The longer-term impact of intensive housing, with no greenways, impacting on infrastructure, light and noise pollution. North West Arch's appeal has always been the lack of streetlights allowing better night skies and less housing, with larger sections.
2. Of the importance of retaining some larger sections in an area of intensive development for visual purposes. The 4 sections in question adjoin lifestyle blocks in Northwest Arch. It makes sense to keep them as lifestyle blocks for continuity.
3. People who live adjacent to these sections are entitled to have their neighbor sections kept at the same level of development as they expected when they purchased, rather than have intensive development. It has always been our understanding that this area will remain as residential 4.

My submission would be met by the Council making the following decision (give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought):

Retention of the current status for the four sections as Residential 4.

(Attach separate sheet as required)
