This is a further submission in support of (or in opposition to) a submission on:
[Please identify Plan Change 21 or 22]

I am:

a person representing a relevant aspect of the public interest. In this case, also specify the grounds for saying that you come within this category; or

a person who has an interest in the proposal that is greater than the interest the general public has. In this case, also explain the grounds for saying that you come within this category;

I support / oppose the submission of:

[name and address of original submitted and submission number of original if available]

The particular parts of the submission I ~~support~~ (or oppose) are:

The Spatial Plan - I oppose this - 110 plus submissions against
[clearly indicate which parts of the original submission you support or oppose, together with any relevant provisions of the proposal]. not taken into account when this plan was notified.

Firstly: A highly confusing submission document and even though it has been reviewed the timeline is atrocious - with the council offices closed and no one to clarify anything in the documents, yet again it is Mackenzie Council lack of discussion with community showing.

The reasons for my support / opposition are: The Education Board owned land [give reasons] should have been at least discussed with the community interests looked at. Other land could have been offered to the Ed. board with the view to them moving and the existing footprint

I seek that the whole (or part [describe part]) of the submission be allowed (or disallowed): [give precise details]. being used for commercial - this has been an opportunity that has been missed.
The boulevard ~~at~~ entrance on Ruataniwha Road should never be touched also along Glen Lyon Road, (camping ground)

I wish/ do not wish to be heard in support of my further submission. should never be given to commercial interests
a covenant on all existing green space should be placed.

If others make a similar submission, I will consider presenting a joint case with them at a hearing.

Yes/No LISTEN to the people of Twizel, not consulting firms like Rationale.
