

Maireire NORMAN

My principal place of residence is in the Tekapo Ward area.

I grew up in Lake Tekapo and am proud to call it my hometown.

After working abroad and in Auckland, I returned to Lake Tekapo in 2019 with my partner and young daughter to start a small business. My deep connection and passion for this place were so strong that they drew me back to make it our permanent home.

While at university, I earned a Master of Engineering Studies and a Bachelor of Surveying. I bring over 20 years of experience working as a Traffic and Transportation Engineer, Development Engineer, and Land Surveyor for both engineering consultancies and local government.

I have a progressive mindset and a strong desire to support and grow what makes Lake Tekapo and the wider Mackenzie region so special.

The Mackenzie region is an outstanding place to live and work, and it would be my privilege to represent the Tekapo Ward as a Councillor.
