**Q4** KEY ISSUE: ROADING - from the following options, which are described in more detail on pages 6 and 7 of the Consultation Document, which is your preference?

**OPTION 2: Include budgets in each year of the plan for all roading improvement projects that attract NZTA co-funding, and borrow to fund Council's 49% share.**

,  
Why is this your preference?

(optional):

It is important to get the roading issues sorted. This plan is a little less conservative and slightly more risky. It however gives us to the opportunity to "get ahead" of the roading problem.

**Q5 OTHER ISSUES:** Do you have feedback on any of the other issues or projects outlined in the Consultation Document or any of the supporting documents? (note: you can upload your submission as a document if you prefer, or upload supporting documents, by going to the next question)

What are the proven benefits of the Alps 2 Ocean trail. (usage numbers, night stays, dollar spend ect.)

The budget for the improvements seem to be disproportionate in relation to others shown on p 11 - 13 of the consultation document. I would like to see more being done to upgrade the Tekapo lake frontage (area behind the shopping complex). It is shabby and uninteresting.

When can we expect to see an extension of the kerbside collection areas around Fairlie ?
