

Mackenzie District Council
Opuha Ward
Electing 3 Councillors

Cameron GARNER

Independent

My principal place of residence is not in the Opuha Ward area.

I am a self-employed man, married, with a young family.

I have an analytical approach and will carefully consider all aspects of issues that come before the

council.

I am interested in a clean, sustainable and abundant future for myself and my children. Wise use of technology and resources can provide a great future for the people and environment in our district.

I will endeavour to ensure the effective and efficient execution of council services. Rising costs of living and financial problems here and globally make it critical to make most effective use of resources available.

I believe it is important to minimise the burden of local government on residents and businesses. Government at all levels should serve the people with minimum interference in their lives.
