Submission Details

The specific provisions of the Proposal my submission relates to
The rezoning and closure of some of the disc golf course

are as follows:

I support /

oppose these

I oppose in full

provisions:

Twizel has one of the best disc golf courses in the South Island. It would be a true shame for the region to lose the course. I personally live in Invercargill but make a trip up 2-3 times a year to play the course. Each time I visit I'm booking accommodation locally and eating out. Each year the local club hosts a disc golf tournament and the last 2 years have seen attendances of 129 and 112 players respectively. The number will only grow as the sport grows in New Zealand. Disc golf is a sport that entirely relies on funding and volunteers to get courses in. By rezoning part of the course the region would be undoing a lot of time, funding and volunteer work that it took to get the course running in the first place. Disc golf is a unique and cool sport and recreational activity. For users its only about \$25 for a frisbee/ disc and anyone can play with as little as one. Going for a round also gets members of the public out and using green spaces. The sport has many physical and mental benefits for users.

The reason(s) for my submission are:
