**Further Submission Details**

I support/oppose the submission of:

(enter the name and address of original submitter and the original submitter number)

Director General of Conservation

Plan Change 30 Submitter #F 11

The particular parts of the submission I support/oppose are:

(clearly indicate which parts of the submission you support or oppose, together with any relevant provisions of the proposal)

11.02 Interpretation

We disagree with the relief sought by Doc, the definition in 11.02 should remain as) required by the MPC. The UAV was supersonic at 60,000 feet, well out of sight and unable to be heard. Other aspects of flight are consistent with other aircraft.

11.06 GTSP Zone, we again disagree with relief sought.  
Duplication of point made in 11.02

The reasons for my support or opposition are:

(give reasons)

11.02 and 11.06.

Rocket powered vehicles, UAVs, aviation research and testing laboratories are all appropriate from the Glenelstaner Airfield. Remembering that Glenelstaner is 1km of sealed strip set up originally as a regional hub. It also has an active JIFR approach and the current UAV research programme is fully CAA approved. We find Doc's opposition extremely hypocritical given their own low, extremely low level helicopter operations go on for hours at a time causing far more disturbance to flora and fauna than standard airport flight path use.

I seek that the whole or part (describe part) of the submission be allowed or disallowed:

(give precise details)

Point 11.02 should be disallowed

Point 11.06 should be partly disallowed.

The considerations around noise and risks associated with failure or crash should be disallowed.

I wish to be heard in support of my further submission.

I do not wish to be heard in support of my further submission.

Date:

The closing date for lodging a further submission is **5pm Monday 24 February 2025**. Please note that a copy of your further submission must be served on the original submitter within five working days after it is served on the Mackenzie District Council.

Your submission (or part of your submission) may also be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious;
- it discloses no reasonable or relevant case;
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further;
- it contains offensive language; or
- it is supported only by material that purports to be independent expert evidence but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Once the closing date for further submissions has passed, Council hearings for the Plan Changes, Variations and Designations will be arranged to consider all submissions. Anyone who has made a submission or further submission and indicated that they wish to be heard will have the right to attend the hearings and present their submission or further submission.
