

Mackenzie District Council
Mayor
Electing the Mayor

Robin MCCARTHY

My principal place of residence is in the Mackenzie District Council Election area.

Born in Fairlie, I now live in Twizel where I own an e-bike business which also operates in Cromwell.

Being an entrepreneur brought me into contact with thousands of people from across the world. I have employed people from New Zealand, Europe, U.K., China, Africa and Japan.

Throughout my business life I have dealt with local authorities, government ministries and central governments.

I am advocating for people's freedom with responsibility, upholding property rights and encouraging their personal or business activity having a positive effect on the environment.

Without businesses we have nothing to generate employment to add to people's well-being. I want to give a message of hope that this is where they can prosper, and this District retains its self-determination in an era of Government reform.

If you want a Mayor who remains positive in difficult times, gets things done, then I would be grateful for your vote.
