

Mackenzie District Council
Opuha Ward
Electing 3 Councillors

Phillipa GUERIN

My principal place of residence is in the Opuha Ward area.

Married to Michael, we have four children and Farm in the Mackenzie.

Helping people and achieving results is most rewarding to me.

Volunteering in the community is fulfilling and I have been on committees at Kindergarten and School, fundraising and managing projects. Presently I am assisting the Mackenzie District Community Care Charitable Trust.

I was Chairman of The Board at Craighead, making significant progress with many building projects and am currently involved with the redevelopment of Fraser Park in Timaru which will be a wonderful asset for our region.

I have degrees in Psychology, Business and Communication, and hold a Speech and Drama Teaching certificate. My career has included positions as a Case Manager, National training co-ordinator, Auditor, and Farmer.

I understand the role of Governance and it would be a privilege to represent the Opuha Ward on Council, to continue to improve the facilities and services in our community.
