7. Please provide details about the project or activities that were supported by the Creative Communities Scheme. Explain what was successful, and what didn't work so well.

Four classes were held in October 2022 and November 2022, Then the tutor became very busy with his work commitments so the classes were adjourned until after the busy Summer season. Then in May 2022 unfortunately, the tutor was unable to commit to more classes, due to personal reasons. We were hoping that he would be able to re-start the classes in June or July but he has now decided to travel to Canada. So, we have advertised for another Tutor and hope that someone living in Tekapo will be able to continue the classes. Between 15 and 20 people attended each class and feedback from the participants was very positive.

8. Give a brief description of the highlights of your project, including the number of participants.

The highlight was having a local tutor, so people did not need to travel to another town to learn about Te Reo Maori language and culture

9. How did your project benefit your community?

A great multicultural experience for everyone attending. Many different nationalities attended the classes

10. What, if any, are the next steps (for your project, for you and/or for the people involved)?

We hope to find another tutor in the near future and continue the very worthwhile classes
