

Mackenzie District Council
Mayor
Electing the Mayor

Karen MORGAN

My principal place of residence is in the Mackenzie District Council Election area.

Karen Morgan for Mayor, because I bring a range of proven commercial skills, qualifications and experience across various sectors to the table, providing a solid foundation for our local government. Twizel has been my home since 2012 and I've been a Pukaki Councillor / Deputy Mayor for our district since 2022, and the Acting Mayor since February 2025. The council has made good progress over the last triennium, but there is more work to be done. Local government faces significant changes and challenges. We're a small but mighty district and need strong governance to help us navigate these to ensure our communities ongoing needs are met. I've proven that I have the necessary skills to provide this. If you want someone who is hard working, competent, organized and community focused, who has the wellbeing of all current and future residents front of mind, then vote for me as your Mayor.
