

Mackenzie District Council
Pukaki Ward
Electing 3 Councillors

Karen MORGAN

My principal place of residence is in the Pukaki Ward area.

Hi - I'm Karen Morgan, a Twizel resident since 2012 and a regular visitor to the region for several years before that. My husband and I moved here from Dunedin and we love living in the Mackenzie. I'm standing as a candidate for the Pukaki Ward as I feel that I have the skills to make a positive difference for our community. My working background is in the agriculture, finance, education, retail, and tourism sectors. Over the years I've been self-employed, worked in small/medium businesses, for a university and also a global food production company. My employment is supported by three Otago University degrees I achieved in management and accounting. I currently work part-time for Twizel Promotions, so have time available to contribute to Council. If you want a representative that is hard working, organized, efficient and who gets things done then vote for me in the coming local elections.
