Submission Details

The specific
provisions of the
Proposal my
submission Reducing 3 holes of fresbee golf
relates to are as
follows:

I support /
oppose these I oppose in full
provisions:

The reason(s)
for my
submission are:

We purchased a property this year with the aim to keep our teenage kids active through using the skate park, bike park and the frisbee golf. Almost every trip to stay involves the kids getting together with friends and playing frisbee golf. To reduce the course by 3 holes and make it a non standard course seems incredibly short sighted. In Ashburton the frisbee golf is located in a similar location with a high traffic volume. The placement has turned a rarely used park into a highly used park, people and families are there playing most days. The popularity is increasing hugely. So to hear that the proposal is to reduce the course seems illogical and very short sighted.

I seek the
following
decision from
the Mackenzie
District
Council:

Keeping the frisbee golf course as it currently is.

I do or do not
wish to be heard
in support of my
submission:

I do not

If others make a
similar
submission I
would or would
not be prepared
to consider
presenting a
joint case with
them at any
hearing:

I would not
