DETAILS OF APPLICATION BEING SUBMITTED ON

APPLICANT'S NAME:

Queenstown commercial parapenters ltd

RM REFERENCE:

RM 230149

DESCRIPTION OF PROPOSED ACTIVITY:

Commercial Tree walk / zipline on lakeside drive Lake Tekapo

MY SUBMISSION

Please indicate whether you support, oppose or are neutral to the application or specific parts of it (Tick):

SUPPORT OPPOSE NEUTRAL

My submission is (the particular parts of the application I support or are opposed to are):

Opposed to- Shipping containers (base building) on Rec P Zoned land Lakeside drive,

Opposed to - Applicant providing NO additional parking provided- The applicant has submitted they should not be required to provide for parking in the vicinity due to there being existing carparking

I have No issues with and support the activity of tree walking /zip line itself, just not the building associated with the activity. This building could be located somewhere else such as a private / Rec A or other close by location that allowed for the tree walk without the building

(Attach separate sheet as required)

The reasons for my submission (the reasons I support or oppose the particular parts of the application above):

Buildings on Rec P zone ; This building will have more than a minor visual impact on this location given it is unexpected to be seen in the middle of a recreational setting. This building also sets a precedent for any other commercial activities wishing to operate from this vicinity in that they would argue they too should be permitted to have a 'base' building as part of their operations.

The lack of any additional parking specifically for the activity itself could result in an overflow of users parking in other facilities nearby or taking up public spaces available for lake users.

(Attach separate sheet as required)

My submission would be met by the Council making the following decision (give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought):

The council should decline the application due to the applicants proposed building location and lack of parking provided for their clients at the activities location.

If the applicant removed the building from their application and simply operated from this location (without the base building) and provided for client parking at this location (or somewhere suitable) then i would put my support behind this activity and consent application for Queenstown commercial parapenters ltd

(Attach separate sheet as required)
