Submission Details

The specific provisions of the Proposal my submission relates to are as follows: PREC2 Residential Zones

I support / oppose these provisions: I oppose in part

The reason(s) for my submission are: I don't think you should be interfering with the Twizel disc golf course. It's a wonderful asset and drawcard to the area, and cutting off one arm of it (by rezoning it as commercial accommodation) will reduce it's size and appeal. Please leave it alone!

I seek the following decision from the Mackenzie District Council: To not interfere with this well loved and much used course. Keep the commercial area away from this green area.

I do or do not wish to be heard in support of my submission: I do not

If others make a similar submission I would or would not be prepared: I would not

to consider presenting a joint case
with them at any hearing:

Additional information for this
submission:

This form was very non-intuitive to find and use. What a shame
you make it almost inaccessible to your average person. I hope you
will reward those who fought hard to find the part of the proposal
that is affecting the disc golf course.
