Work on our roads

Fulton Hogan, Council's roading contractor, has been busy over January dealing with the impact of the un-seasonal summer weather on the Mackenzie District roading network.

Large trees fell across Monument Road near Fairlie in the middle of January after a heavy rain fell but were quickly cleared out of the way and the road re-opened for motorists.

They also monitored the ford on Mackenzie Pass Road, and checked it was working as intended after all the rain.

School Speed Limit Changes

As school returns you will notice some changes to the speed limits around schools, realigning with the government's changes to the Land Transport Rules.

- **Fairlie, Albury & Cannington:** Timed school speed zones around beginning and ends of school days.
- **Twizel:** Mackenzie Drive will return to a 50 km/h road while Mt Cook St will remain permanently 30 km/h.
- **Tekapo:** No Change to the 30 km/h Zone.

A further speed limit change will take place for Albury township, with the speed limit for all roads decreasing from 60 km/h to 50 km/h.
