Mackenzie District Council

Attent: Mayor Barlow & Mr G Innes

Main Street Fairlie 7949

Dear Clare and Glenn

Re: Assistance with maintenance of the driveway and parking area adjacent to the Community Complex

Twenty five years ago the Mackenzie District Council recognised the need for extra parking for the use of their patrons using the new Community Centre.

The Mackenzie District Council tar sealed what was then the lawn area at the Gall Street end of the St Columba Church and Hall complex. No-one is aware of any maintenance contract drawn up between Mackenzie District Council and the Mackenzie Cooperating Parish Council.

The Parish Council is happy for these safe and convenient driveway and parking areas to be so frequently used, but because of this increased usage by people attending the Community Centre for different sports, Yoga, Bridge, Friendly Club, Music & Movement, Probus, annual events such as School Prizegivings/Break-ups/Concerts, Theatre Productions, Anzac service and Community Events etc, we have needed to increase our driveway maintenance.

Over the last 25 years the Parish has met all costs associated with the maintenance of the driveway and car park area and are now asking the Mackenzie District Council for assistance with this upkeep.

Yours sincerely

Sarah Wright
Parish Secretary

MACKENZIE DISTRICT COUNCIL

REPORT TO: FAIRLIE COMMUNITY BOARD

SUBJECT: PRINCES STREET STREETSCAPING

MEETING DATE: 7 DECEMBER 2011

REF: PRINCES STREET STREETSCAPING

FROM: ROADING MANAGER

ENDORSED BY: CHIEF EXECUTIVE OFFICER

PURPOSE OF REPORT:

To inform Fairlie Community Board of options for carrying out streetscape improvements in Princes Street, Fairlie.

STAFF RECOMMENDATIONS:

- 1. That the report be received.
- 2. That the Fairlie Community Board gives consideration to funding the Princes Street Streetscaping project, allowing quotations to be obtained; and
- 3. That Option B a combination of chip sealing and grassing is completed.

SUZY RATAHI GLEN INNES

ROADING MANAGER CHIEF EXECUTIVE OFFICER

ATTACHMENTS:

Nil

BACKGROUND:

At the last meeting the Community Board requested the Roading Manager to evaluate options for the streetscaping project on Princes Street, Fairlie.

POLICY STATUS:

N/A

SIGNIFICANCE OF DECISION REQUESTED:

Routine Decision

BUDGET CONSIDERATION:

The Community Board currently has available to them \$18,000 specifically for streetscaping and a further \$10,000 for minor improvements (can be used to kerb and channeling etc).

Footpath Budget is \$31,440.

ISSUES AND OPTIONS:

Do nothing

Continual costs of repairing edge break along Princes Street

Construction Options

- **A.** Seal from kerb and channel on South side to the property boundary on North side, from State Highway 8 to Sloane Street. Installation of a heavy duty drop crossing in the industrial area. Approximate cost (subject to quotations) \$60,000.
- **B.** Create a grass strip of approx. 2.5m of grass adjacent to existing kerb and channel on South side, ensure sealed lane width of 4m is achieved for East bound lane and a seal width of approx. 6.5m to the invert of the heavy drop crossing on the Northern side, which would then be sealed back to the property boundary. A landscaped area could be created as an obvious visual boundary between the industrial zone and the residential properties on the Northern side. Approximate cost (subject to quotations) \$50,000.

CONSIDERATIONS:

As above.

ASSESSMENTS OF OPTIONS:

Do Nothing

Continual edge break repair and cost. Unsightly gravel berms would remain.

Construction Option A

Edge break repairs would no longer be required but street would still look unwelcoming and one tone with higher reseal costs due to larger sealed area.

Construction Option B

More visually attractive, lower reseal costs, potentially minor edge break repairs required but this would be minimised due to the increased lane width of 4m. Potential to plant some street trees in grassed area to provide a "green-space".
