Submission Details

The specific
provisions of
the Proposal
my submission
relates to are as
follows: The designation of Twizel trails for cycling and walking, excluding horse riding.

I support /
oppose these I support in part
provisions:

The reason(s) for my submission are: Historically and currently, local and visiting horse riders have used and are using the trails around Twizel that the Spatial Plan has marked with walking and cycling symbols. I want to ensure that our horse riding access is preserved. Some sections such as the Twizel River Reserve trail have DOC signs that indicate that horse riding is allowed. Local horse riders help maintain the trails by picking up rubbish and painting the red and white trail markers. We also publish a Code of Conduct on our Mackenzie Riders Group Facebook page welcoming visiting riders but asking them to respect our protocols by riding to the side of the trail if possible and by removing any droppings from the track.

I seek the following decision from the Mackenzie District Council: I want to see that a horse riding symbol is included on the Twizel trails along with the cycling and walking ones to ensure that our present access is protected.

I do or do not wish to be heard in support of my submission: I do

If others make a similar submission I would or would not be prepared to consider presenting a joint case with them at any hearing: I would
