**Do you believe you could gain an advantage in trade competition through this submission?**

No

---

**The specific provisions of the proposal that my submission relates to are as follows:**

The changes to the historic precinct plan for Burkes Pass Township

---

**I support/oppose these provisions:  
(include whether you support or oppose in full or in part)**

I do Not support the changes to the initial Burkes Pass Heritage Trust submission and request the council return to the July Heritage Overlay

---

**The reason(s) for my submission are:  
(state in summary your reasons, and whether you seek any amendments)**

1) The original overlay was done by a Heritage Consultant and it seems the council is opposed to what this expert is proposing 2) The proposed amendment to only give heritage status to existing buildings removes the continuity of the Heritage township. Such hotchpotch development removes the appeal of the Heritage development and the McKenzie District loses an opportunity to add a Heritage attraction in a small township with the appeal that has developed in other places e.g.. in Central Otago. 3) A thin continuous corridor along the heritage walk is vital maintain and preserve the existing heritage sites which welcome people to the township. 4) Developments in the township should be behind the front veneer of the heritage corridor.

---

**I seek the following decision from the Mackenzie District Council: (give precise details)**

I am seeking the Mackenzie Council to revoke Plan Change 28 as it is applied to the Burkes Pass Heritage corridor and to reinstate the plan that was shown in the July Heritage Overlay for the Township
