Submission Details

The specific provisions of the Proposal my submission relates to are as follows: Spatial Plan Implementation (Plan Change 21)

I support / oppose these provisions: I oppose in full

The reason(s) for my submission are: The proposed maps of the Spatial Plan Implementation are not easily available for viewing. I am actually yet to find the actual maps online within the submission pages. There has been insufficient time for public viewing and submissions.

I seek the following decision from the Mackenzie District Council: That the full plan change with maps be readily available online for the public and a substantial increase in time made available for public submissions.

I do or do not wish to be heard in support of my submission: I do not

If others make a similar submission I would or would not be prepared to I would not

consider presenting a joint case
with them at any hearing:
