## Temporary Road Closures

The following roads will be closed for the running of the 2021 Rally of South Canterbury on Saturday 21 June. Roads will be impacted between 10am and 4.45pm but each road will only be closed for approximately four hours.

- Spur Road
- Middle Valley Road
- Chamberlain Road
- Monavale Road
- Rocky Gully Road
- Gorge Road
- Askins Road
- Limestone Road
- Cricklewood Road
- Coal Pit Road
- Rutherford Road

These closures will be enforced by approved Temporary Traffic Management Plans allowing for local residents to be marshalled through the road closures. Please contact Council on the number below if you have questions or concerns.

The Rally is a great spectator event for the whole family - why not make a day of it! For more details visit the South Canterbury Car Club website at [www.southcanterburycarclub.org.nz](http://www.southcanterburycarclub.org.nz).

## Spatial Plans - Feedback Invited on Preferred Options for Fairlie, Twizel and Tekapo

**Responses to the initial round of engagement have been reviewed and changes made to the plans to reflect the views of the community.**

The Mackenzie Spatial Plans will create a 30-year vision of what the future could look like in Fairlie, Takapō and Twizel. The project will ensure our main townships are maintained as places for people, ensuring growth can occur in a way that benefits the local community and improves where we live.

### What is a Spatial Plan?

A Spatial Plan is a visual blueprint for the future, showing what should go where and how each part should interact with the others. We want to ensure we can get ahead of growth, identify key improvements, then plan for it and get on with it. The Spatial Plans will inform the zoning that will be included in the District Plan Review, which will begin in the second half of 2021.

As a community, we have an opportunity to chart the future of our townships, ensuring growth occurs in a sustainable way that protects the environment, our communities, aesthetics and industries that make the District such a special place.

### Where are we now?

We have analyzed the feedback received in December last year from the community on Spatial Plan options for Fairlie, Tekapo (Takapō) and Twizel. We've also done an assessment on the infrastructure required for each option and used this to develop a preferred Spatial Plan for each town. We have outlined each plan in a Preferred Option Discussion Document - these can be found on our engagement platform ([letstalk.mackenzie.govt.nz](http://letstalk.mackenzie.govt.nz)) and at Council offices in Fairlie & Twizel.

We are now looking for community feedback on these Spatial Plans so we can fine tune the plans before they are presented to council for adoption in the first half of this year. The survey is available on our engagement website ([letstalk.mackenzie.govt.nz](http://letstalk.mackenzie.govt.nz)) until 13 May 2021.

## Responsible Dog Ownership

We're receiving an increasing number of complaints about dogs. We endeavour to respond to them all but we'd all be happier if our enforcement officer didn't need to intervene. Most people are responsible and sensible owners, but if you need some pointers it's pretty simple:

- register your dog with Council and get it microchipped;
- keep your dog under control at all times;
- ensure your dog is in good physical health and that you meet its natural behavioural needs;
- ensure your dog has food, water and shelter.
