Submission Details

The specific provisions of the Proposal my submission relates to are as follows:

Plan Change 21

I support / oppose these provisions:

I oppose in full

The reason(s) for my submission are:

We have owned a house in Twizel since 2010. Purchased specifically for its environmental aspects including the town's green belt. I've witnessed the continued proliferation of green space into dwellings. The proposed change that includes the loss of three Disc Golf holes and its beautiful open space ruining the current welcoming entrance to Twizel. This area is a well used recreational space for families including walking and bike track.

I seek the following decision from the Mackenzie District Council:

Not to proceed with re-zone of the existing green space between Dobson place and Ruataniwha Road, including the Disc Golf and recreational area.

I do or do not wish to
be heard in support of I do

If others make a similar
submission I would or
would not be prepared I would
to consider presenting
a joint case with them
at any hearing:
