The specific provisions of the proposal that my submission relates to are:

My submission is:

(Include whether you support or oppose the specific provisions or wish to have them amended and the reasons for your views)

I would like to a Residential zone. am in the corner of the GRAY ST. I lived a own for 30 years in the site; I referring in 8 ALLANDALE ROAD and I would like to use as a residential site. IN THE FUTURE TO come I would like my children of grandchildren to use as a residential home.

Am concerned about the height 10.5 mtrs above ground as besides the property in the Gray St area, would be better residential area, and across my property.

Would not be good with a car park or high buildings

I seek the following decision from the Mackenzie District Council:
(give precise details)

THE Council needs to listen to residential people located in Gray St & Allendale Road. I use level as the same

- I wish to be heard in support of my submission
 I do not wish to be heard in support of my submission
(tick one box)

If others make a similar submission I **would / would not** (delete one) be prepared to consider presenting a joint case with them at any hearing.

I would like to be prepared to present the hearing
