**I am:**

a person who has an interest in the proposal that is greater than the interest the general public has. In this case, also explain the grounds for saying that you come within this category below

---

**Please explain your answer above**

I am a licensed commercial land transport operator who lives in Twizel and has a need for an efficient road transport network from Twizel to the eastern side of the Mackenzie Basin beyond the Tekapo River.

---

**I support/oppose the submission of:  
(enter the name and address of original submitter and the original submitter number)**

I do not so much oppose or support the various submitters on Transport, just that there is an omission to make provision for access from west to east and east to west across the Mackenzie Basin over the Tekapo River immediately north of the Pukaki River.

---

**The particular parts of the submission I support/oppose are:**

**(clearly indicate which parts of the submission you support or oppose, together with any relevant provisions of the proposal)**

I note that no submitter has considered future roading infrastructure as per No 9 above.

---

**The reasons for my support or opposition are:**

**(give reasons)**

Historically, there has been public access from one side of the Mackenzie Basin to the other by 4WD vehicles. Although I have done so on a return basis in a car. The above access has been constrained over the past 25 years or more. A proposed solar power farm may constrain this access further.

---

**I seek that the whole or part (describe part) of the submission be allowed or disallowed:**

**(give precise details)**

I seek an amendment to the District Plan to make provision for an upgraded road and replacement of the existing Iron bridge.

---

**Do you wish to be heard in support of your submission?**

I do

---

**If others make a similar submission would you be prepared to consider presenting a joint case with them at any hearing?**

I would
