My principal place of residence is not in the Pukaki Ward area.

My family and I love Twizel. A place we believe is one of the best kept secrets in the South Island.

Well, the cat's out of the bag and Twizel has experienced rapid growth over the last few years and looks set to continue.

I believe while this does create challenges for our lovely wee town it also can be a great opportunity.

With sound, controlled, decisive planning, Twizel can flourish in a way that is both sustainable for our precious environment and enhance financially, making our town even better than it already is. We will have an opportunity to do this with the upcoming spatial plan submission process.

With sound collective representation Twizel and the greater Pukaki area can be well represented in the Mackenzie District Council. I also believe it is imperative the council's assets and control remains local.
