Telephone No:

Submission Details

The specific
provisions of the
Proposal my 21 Plan Change 21 Specifically relating to the spatial plan for Twizel
submission relates to
are as follows:

I support / oppose
these provisions: I oppose in part

The reason(s) for my
submission are: I object to current green reserve areas being rezoned for future development. IE
Tourism/commercial development. This includes the green areas between
Dobson Place and the Reserve on the left hand side of Ruatainwha Rd leading up
to the Mobile garage. Our reserve areas are prized treasures and should not have
the potential to be sold off for private development at later stages. I am also

opposed to any development or zone change where high or mixed density residential development may occur.

I seek the following decision from the Mackenzie District Council:

Remove all existing green areas/reserves from the proposed spatial plan zoning and maintain them for future enjoyment as they stand currently. Remove high or mixed density residential zone areas from the plan and leave as they are currently zoned. The intended high/mixed development goes against the spirit of peoples pleasant surroundings and is out of context for the town of Twizel.

I do or do not wish to be heard in support of my submission:

I do not

If others make a similar submission I would or would not be prepared to consider presenting a joint case with them at any hearing:

I would not
