Submission Details

The specific provisions of the Proposal my submission relates to are as follows: 1. Change to open space amenity area between Ruataniwha Rd and Dobson Place. 2. Change to open space amenity area and view shaft status adjacent to skate park and council car park between events centre and Mackenzie Drive.

I support / oppose these provisions: I support in part

The reason(s) for my submission are: 1. The open space reserve area already provides a recreational existing use and should not be changed or jeopardised. 2. The skate park area already has support from Council to be extended and is also part of an existing view corridor and should not be changed or jeopardised. The car park area is also

	part of existing view corridor and is essential for car parking and should remain open space.
I seek the following decision from the Mackenzie District Council:	1. Maintain current status of open space recreational use for the reserve area between Ruataniwha Road and Dobson Place. 2. Maintain the existing open space amenity area in front of Skate park and maintain existing view corridor provision. The same applies to the car park area.
I do or do not wish to be heard in support of my submission:	I do
If others make a similar submission I would or would not be prepared to consider presenting a joint case with them at any hearing:	I would
Additional information for this submission:	Attached correspondence from Council supporting extension to Skate Park.
Attach a supporting document:	F58D31C8-5926-48AA-AFFF-9455EC687E3E.png, type image/png, 826.8 KB
